Though slight of legal stature, he had the warm endorsement of a popular President and seemed easily confirmable. But questions arose about his fitness for that office, serious enough to require a special investigation by an independent counsel. The counsel concluded that none of the charges warranted a criminal indictment, so the President renewed the nomination. This week the Senate returns to the crucial question: What qualifies Mr. Meese for this job?	False		1985-02-01	TX 1-507546

The stiff sentences that Poland has imposed on four officers of the Interior Ministry for the murder of Father Jerzy Popieluszko sets a welcome new standard of accountability. Similar crimes with less-famous victims too often went unacknowledged and unpunished. Ideally, the fate of Captain Piotrowski, Colonel Pietruszka and Lieutenants Pekala and Chmielewski will deter others in the security apparatus from giving and following murderous orders. This innocent custom started centuries ago in China, where rice is a symbol of fertility. Last week a member of the Connecticut Legislature dared to suggest that the custom be outlawed. Representative Mae Schmide's bill would make it illegal to "throw, fling, cast or hurl" uncooked rice at "nuptial affairs," with a \$50 fine for violators. Her complaint is with instant rice. When cooked, it swells up from absorbing the water it's boiled in. But uncooked, which is the way it's usually thrown, it can swell up inside a bird that eats it off the church steps and, she says, the bird dies.	False		1985-02-21	TX 1-509675

Do not, a Government panel warns, take antibiotics, Pepto-Bismol and other popular panaceas unless the condition that would provoke their use already exists. Wait, it said, for those symptoms that no one can mistake. Better yet, avoid those symptoms and their cause - which is to say, E. coli bacteria - by continually reminding yourself of the maxim that should be engraved upon the traveler's mind: "If you can't boil it, cook it or peel it, forget it." All good advice. But if turista is about to become a part of the nation's universal memory bank, let us at least bid it a fitting farewell.	False		1985-02-25	TX 1-512173

Striking schoolchildren who misbehave is an outmoded form of discipline. That was acknowledged privately by a majority of the board, but it was reluctant to act because an official ban seemed to conflict with the state penal code. It includes an exemption from criminal assault charges for teachers who use corporal punishment to discipline their students.	False		1985-03-06	TX 1-514178
